

6 NOV 1959

Colonel Walter A. Knyre  
Commanding Officer  
United States Army Communication  
Agency  
Fort Myer, Virginia

Dear Colonel Knyre:

Mr. Dulles has asked me to convey to you and your men his  
thanks for the excellent support which you provided in connection with  
our Commemorative Ceremony at Langley on 3 November.

Captain Fletcher B. Madden and Sergeant J. R. Gill set up  
on very short notice the field land-line communications system. This  
system connected the various critical points of the entire layout and was  
essential to the smooth running of the Ceremony.

I should be grateful if you would convey to these men our appre-  
ciation for the splendid work which they did.

Sincerely,

15/  
L. E. White  
Deputy Director  
(Support)
